Counsel,

The City did not post the notice(s) reflected in the picture. The City suspects that the notices were posted by local area residents, but we can only confirm that the notices were not posted by the City. In addition, there has been no change in the City's operations since the Court issued the preliminary injunction. The City has not posted for comprehensive cleanups in this area in general. The City Council instruction regarding non-disruption of tents during cleanups also remains in effect. In sum, the City is not conducting bulky item enforcement in the area and any City operations have been conducted in conformance with the preliminary injunction.

Regards,
Felix

Thanks Felix. The sign aside, we are of course equally concerned that city workers may be stating that they have permission to begin taking bulky items again.

We look forward to hearing from you about this after you have had some time to look into it.

Thanks,

Shayla

There is a photo attached to this last email. That does not look like a notice posted by the City, but let us follow up and get back to you.
